

To Whom It May Concern,

We are the North Coast Futbol Club, a competitive traveling soccer team. North Coast FC is the competitive arm of the Petaluma Youth Soccer League, a non-profit organization. We compete in tournaments and play in league games all over the State of California and some of our teams play in tournaments out of state as well. The traveling soccer program allows our players to play in a competitive environment against teams from other soccer clubs while teaching our players the value of sportsmanship, teamwork and dedication. Plus, our players have fun!

Soccer at this level requires an extra commitment on the part of the players and their families. Players practice three times per week and are coached by licensed coaching professionals. Teams travel to other cities and states to test their skills against the best competition around. The players and their families must commit extra time and money to make the program a successful and rewarding experience.

In order to provide the best opportunities for our players, our team needs the support of everyone: the players, coaches, families and community. There are many expenses involved in running a successful traveling soccer team. Our team will be raising money for our tournament and league fees, training, equipment, and travel expenses. In addition to our own fundraising efforts, we are seeking sponsorships from businesses in our community. Since North Coast FC is a non-profit organization, any contribution to North Coast FC is tax-deductible. As a sponsor of our team, we will put your logo on our team t-shirts, which are proudly worn by our players. Donations should be made out to North Coast FC with the team birth year in the memo.

Team Birth Year: _____ Boys or Girls _____

We appreciate any consideration you give this request.

Sincerely,

Federal ID#94-2380871
State ID#D0800789
